

2009 Kaiser-Borsari Scholarship for Women in Materials Science

The Kaiser-Borsari Scholarship supports female undergraduates majoring in a science or engineering technology discipline and conducting research in materials science under the direction of an AMSEC faculty member.

To apply, fill in the information below and submit this form, along with an unofficial copy of your WWU transcript by **Monday October 5th** to:

Dr. Betsy Raymond
Chair, AMSEC Scholarship Committee
Department of Chemistry
MS 9150

(Applications may be submitted via e-mail instead, to braymond@chem.wvu.edu)

You will also need to arrange to have a letter of reference submitted on your behalf by your faculty research advisor (electronic submission is fine). Their letter should be received by the deadline above. The scholarship recipient will be informed within a week or two of the application deadline.

Your Name:

Your W#:

Your e-mail:

Your Home Department / Major:

Faculty advisor:

1. Please provide a statement about your financial need for this scholarship. (150 words or fewer)

2. Briefly describe the research you plan to do this year, along with any work you may have done already. (300 words or fewer)
