

# Materials Science Seminar

Part of AMSEC's MAD Seminar Series

## Inorganic – Organic Hybrid Nanomaterials as Dynamic Probes of Physical States in Live Cells

*Presented by*

**Dr. Brett Helms**

Molecular Foundry

Lawrence Berkeley National Laboratories  
Berkeley, California

*Please join us for this interdisciplinary discussion session. All are welcome! If you are interested in attending dinner with the speaker please contact the event host at [Amanda.Murphy@wwu.edu](mailto:Amanda.Murphy@wwu.edu).*

**Monday, April 11<sup>th</sup>**

**5:15pm in CF110 / Refreshments at 5:00pm in CF110**
