BFA Strategic Plan Initiatives: Advisory Committee Interest Form

As a BFA Advisory Committee member, your role would be to share your experiences and perspectives, helping to create plans and actions that reflect staff input. The time commitment is expected to be about one to two meetings per month, for about two hours at most each time. We are asking individuals to serve on a committee for one year.

Name:  

Title:  

Department:  

The four BFA Initiative Advisory Committees are:

- **Growth**: How do we make sure we have enough resources to deliver services for now and for the future to support the University’s ambitious growth plans?
- **Communications**: How can we better communicate within BFA, and with other University divisions?
- **Diversity & Inclusion**: What can we do to improve our efforts in recruiting individuals from diverse backgrounds, as well as making BFA a more welcoming place to work?
- **Empowerment**: What can we do to better develop, support and empower our people?

I am interested in serving on the ___________________ committee.

Why would you like to serve on this committee?

What value/perspective would you bring to the committee?

We are asking people to serve on only one committee. You may be interested in serving on another committee, if you are not chosen for this one. If you are interested in other committees, please submit a separate form for any other committee you would like to be considered for. Please indicate on the form if it is your first, second or third choice.

The BFA Leadership Team will be reviewing all applications of interest and will make a decision based on the applications and the amount of interest.

Please email this form by Tuesday, May 28, 2019 to anne.gilbert@wwu.edu. Thank you!
