Student Rights and Responsibilities for your reference:
WELCOME TO INTRAMURAL SPORTS

Campus Recreation Services at Western provides students, faculty, and staff the opportunity to become actively involved in an organized sports and recreation program. Services provided by Campus Recreation include intramural sports, sport clubs, open recreation, instructional classes, and health & wellness services.

Intramural sports are competitive and recreational activities designed to encourage participation by all members in a wide variety of sports and are generally played on campus or at nearby facilities. Various local, regional, and national organizations co-sponsor several events and provide additional promotional materials, special prizes, and invitational playoff berths.

Intramurals are structured for different skill levels and are conducted in a safe, supervised environment. You do not need to be an experienced athlete to participate! Intramural Sports are open to all Western students currently enrolled, students enrolled full-time at Whatcom Community College, Northwest Indian College, and Bellingham Technical College, as well as the faculty and staff of Western Washington University. Intramural sports are a fun way to play, meet friends, learn new sports, test your physical ability, and relieve the stress of daily routine. Most activities allow you to select the days and times you play, as well as the people on your team.

We are a student organization dedicated to offering you a more rewarding collegiate experience. Many jobs and volunteer positions exist within the program which provide quality training in sports officiating and supervision, office management, and computer programming.

The intramural sports program is truly your program and welcomes your suggestions and comments regarding activities, facilities, and personnel. A determined effort is made to provide services which are responsive to your recreational interests. This handbook describes policies and procedures which establish a framework for reasonable decision-making regarding the administration of the program. We require that all participants read this handbook and agree to be governed by its rules and regulations. Welcome to your Intramural Sports Program!

FOREWORD

This publication was produced with the assistance and support of the student intramural staff of Campus Recreation Services at Western Washington University.

I. LEAGUE AND TOURNAMENT STRUCTURE
The intramural sports program is designed to match the talent and ability of all participants in a variety of team, individual, and dual sports. However, it is also a total program working toward the determination of the best teams in each activity, the champions of each division, and the best all-around athletes. Leagues are generally composed of different divisions of team competition including a regular season and a playoff tournament. Tournaments are generally single-elimination or double-elimination formats. Special events and sponsored activities usually range from one day to several day competitions.

II. DIVISIONS OF PLAY

A. Men's - Open to all male students, faculty, and staff members who meet the specific eligibility requirements of intramural play.

B. Women's - Open to all female students, faculty, and staff members who meet the specific eligibility requirements of intramural play.

C. Co-Rec - Open to all students, faculty, and staff members who meet the specific eligibility requirements of intramural play. Competition in this division consists of 50% male and 50% female participation.

D. Open- open to all students, faculty, and staff members who meet specific eligibility requirements of intramural play. Teams can be made up of any percent of male and female participants.

E. Competitive – Each league, Men’s, Women’s and Co-Rec, has a Competitive division. This division is for those teams and participants that want to play against the top competition in Western Washington University Intramural Sports. Choosing the Competitive division also implies that each team in this league can be competitive against other teams. The intramural staff reserves the right to reassign teams if need be.

F. Recreation – Each league, Men’s, Women’s and Co-Rec, has a recreation division. This division is for those teams that do not want to compete against the top competition of Western Washington University, and are more interested in the camaraderie of participating in sport with their peers. Teams are only eligible for recreation if all the players on the roster fit the eligibility requirements listed in the next section.

III. POLICIES AND PROCEDURES

In order to ensure that all intramural participants are officially eligible for competition, the intramural staff will check all participants’ current school ID before each game. If ID is not available, they will not be allowed to play. If this causes a loss or forfeit for the team, no make-up game will be granted.

A. ELIGIBILITY REQUIREMENTS

1. STUDENT - all students, graduate or undergraduate, currently enrolled at Western. The
following students are eligible to play intramurals only if the student is registered full time: Whatcom Community College, Northwest Indian College and Bellingham Technical College. Any player that is not a full time WWU student must pay entry to the Wade King SRC for games played there. Those students who are not enrolled at Western must request to be added to the IM Leagues website before they can be eligible to play.

2. FACULTY/STAFF - all currently employed WWU faculty and staff members may participate in intramural play.

3. VARSITY ATHLETES - Individuals who are participating in any collegiate varsity level sport are ineligible for intramural competition in their sport for one full year following the last time they played or were listed on the team’s roster. **EXAMPLE: A varsity soccer player who played during the 2012 playing season cannot play intramural soccer until after the 2013 playing season.** Varsity athletes that are not practicing or in their season can participate in intramural competition as long as it is not the sport they compete in as an intercollegiate athlete for Western Washington University. This rule applies to all intercollegiate squad members, community college athletes, red-shirts, and those practicing with the team. **No more than one (1) FORMER college varsity athlete, under the age of 30, may participate on a team in their related sport, and that intramural team they play for must be in the competitive league.** Campus Recreation Services suggests all varsity players that want to participate in intramural competition check with their coaches.

4. SPORT CLUB MEMBERS - No more than one (1) member or former member of a WWU sport club may participate on the same team in their sport or related intramural activity. **The intramural team the sport club team member participates on must play in a competitive league.** If more than (1) sport club team member of the same sport competes in an intramural contest and is found out, that team will forfeit every game that more than (1) sport club member played in. Sport Club members may participate in unrelated intramural sports without restriction.

* A sport club team member is only considered a team member when they are added to the official club roster through the Sport Club office. This can occur in the middle of a quarter and affect an intramural team for the remainder of the season.

5. PROFESSIONAL ATHLETES - Individuals who have competed in a formal manner, for any recognized professional organization, at any level of competition, without amateur status and/or have received any form of compensation are ineligible to participate in that sport or related intramural activity.

*The only sports that do not have restriction on the level of athletes that compete is Floor Hockey, Dodgeball, Wallyball, Badminton, all Video game leagues and tournaments, and Spikeball.

6. SUMMER ELIGIBILITY - To compete during the summer quarter, an individual must either be enrolled in at least one (1) credit at WWU, NWIC, WCC, BTC, or be a faculty/staff member of WWU. Family members/significant others over the age of 18
are welcome during the summer quarter. Teams must consist of at least 50% current student, faculty, or staff members to be eligible for play.

7. **ALUMNI** – Western Alumni are NOT eligible to play intramural sports. You must be currently enrolled for classes to be eligible.

INDIVIDUALS AFFECTED BY INTRAMURAL ELIGIBILITY RESTRICTIONS ARE ENCOURAGED TO SUBMIT A FORMAL APPEAL IN WRITING AND IN PERSON TO THE INTRAMURAL COORDINATOR PRIOR TO THE START OF THE ACTIVITY.

B. RULES AND REGULATIONS

1. **TEAM ROSTER** - Players must register their name, student ID number, and telephone on the appropriate team roster on IMLeagues to be eligible for competition. Rosters must be fully complete with the minimum number of participants before a team can be added to a league. Players may be added to the team roster through the last week of the regular season. Failure to be added to the roster will make a participant ineligible for playoffs. Placing a name on a game score sheet does not make a person eligible to participate, they must register on IMLeagues.

**Co-ed games, on court male/female player ratio:**

**All leagues shall abide by the difference of one rule.**

- **3 on 3 Basketball**—At least one (1) member of each gender must be on the court at all times. Example: 2 men/1 woman or 2 women/1 man.
- **5 on 5 Basketball**—At least one (2) members of each gender must be on the court at all times. Example: 3 men/2 women or 3 women/2 men.
- **7 on 7 Flag Football**—At least three (3) members of each gender must be on the field at all times. Example: 4 men/3 women or 4 women/3 men.
- **11 v 11 Soccer**—At least (5) members of each gender must be on the field at all times, Goalies can be either Gender.
- **5 v 5 Soccer or Floor Hockey**—At least two (2) members of each gender must be on the court at all times. Example: 4 men/2 women or 4 women/2 men. There are no restrictions on what gender the goalie must be.
- **6 v 6 Volleyball**—An equal amount of each gender must be on the court at all times, unless playing down a player. Example: 3 women/3 men or 3women/2men.
- **4 v 4 Volleyball**—At least two (2) members of each gender must be on the court at all times. Example 2 men/2 women. This is the same for *Wally ball*, which is also played with 4 participants on the court.
- **Softball**—At least five (5) members of each gender must be on the field at all times. Example: 5 men/5 women.
- **Dodgeball**—At least four (4) members of each gender must be on the court at all times. Example: 4 men/4 women.
- **Spikeball**—At least one (1) member of each gender much be on the field at all times.

If not playing without the full amount of players, you can only have one extra man/woman on the field of play (not including goalies in soccer and floor hockey).
For more information please reference the rulebook for each individual sport. Along with the team roster, each member of the team must complete the Hold Harmless Agreement. Every player on your team must fill out Hold Harmless Agreement (see section XV of this handbook) before playing in a contest.

2. OPEN LEAGUES – Open leagues mean that you do not need to have a certain number of either sex on your team. The teams must still be coed, but do not need to follow specific gender differentials.

3. PLAYING ON MORE THAN ONE TEAM - A player may compete on as many teams as desired (i.e. men’s/women’s and co-rec) throughout the regular season. Only 50% of a team can form another team to compete in another division or league within the same sport. This means the same team cannot compete in the Competitive division and the Recreation division. Only half the players on the teams can appear on both rosters once playoffs begin. Individuals will need to decide which team they will play for if scheduling conflicts arise during the regular season or during playoffs. **Once playoffs have started a player may only play for one team within a division and may not switch teams if the team they are playing for is eliminated.** For clarification, a player may compete in basketball on different teams in multiple divisions, ie. Men’s, Coed, Competitive or Recreation. A player may not compete for two teams in the same division once playoffs starts, ie. 2 different Men’s Competitive teams.

4. Use of an assumed name is an honor code violation. Any team using a player with an assumed name will automatically forfeit the contest(s) and will receive an unacceptable sportsmanship rating. Both the player and team are disqualified from further competition until they have met with the Intramural Coordinator.

5. PLAYOFF ELIGIBILITY - To compete in the playoffs, an individual must have played in at least one (1) regularly scheduled game for the team they intend to represent (full name must appear on the game score sheet and roster). Forfeit games may be counted if the individual was present. Only team members who played during playoffs are eligible to receive the intramural championship T-shirt.

6. PROTEST PROCEDURES–While all officials try their best, mistakes do occur. A protest will be considered ONLY if it involves a question of proper procedure, player eligibility, or error in the interpretation of a rule. Any questions which concern the judgement of an official or activity supervisor ARE NOT adequate grounds for protest.

**ELIGIBILITY PROTESTS:** All eligibility protests must be made by the ½ way mark of the match. If a team would like to protest during the game the eligibility of a player from the opposing team, the team captain must notify the official to stop play and then notify the supervisor on site. The game will be completed and the protest will be resolved after the conclusion of the contest. If a player or players are found to be ineligible, the team committing the infraction will be forced to forfeit the contest. **If this happens during the playoffs the non-infracting team will advance to the next round.** In this scenario the team committing the infraction will be forced to forfeit that game and all other games that they used ineligible players. These teams can notify the supervisor on site so that those players in question may or may not be eligible to play
in the team’s next contest.

a. During an intramural contest, if a question is raised as to the proper interpretation of a rule of that activity, it is the RESPONSIBILITY OF THE TEAM CAPTAIN of the offended team to IMMEDIATELY (before the ball is again put in play) ask the officials for a clarification.

b. If the clarification does not resolve the issue, it is the RESPONSIBILITY OF THE TEAM CAPTAIN of the offended team to IMMEDIATELY REQUEST the officials in charge of the contest to call an intramural supervisor to the scene to settle the issue.

c. If the team captain is not satisfied that proper procedures have been followed and/or that a rule has been correctly interpreted after the intramural supervisor has made their ruling, it is the RESPONSIBILITY OF THE TEAM CAPTAIN of the offended team to IMMEDIATELY DECLARE that from that point on the contest is being played under protest. All pertinent information should then be RECORDED AND INITIALED BY BOTH TEAM CAPTAINS AND OFFICIALS on the back of the game score sheet.

d. The captain of the protesting team must then submit a formal protest in writing and in person to the intramural coordinator by the end of the next business day. A protest fee of $10.00 must accompany the protest. The protest fee will be refunded if the protest is upheld.

e. Decisions rendered by the intramural coordinator concerning protests are final. Games in which a protest is upheld may be replayed from the POINT OF PROTEST. In any contest in which there are legitimate double protests, one shall nullify the other and the game will stand.

f. The intramural staff reserves the right to handle any eligibility violations and/or rules and regulations compliance without formal protest.

7. FORFEITS - GAME TIME IS FORFEIT TIME!!

Teams are strongly encouraged to arrive at least 15 minutes early at the scheduled game site to check-in and prepare for the game.

a. While game time is forfeit time, one of the goals of our program is to avoid forfeits whenever possible.

If one team is ready at game time and the other is not:

1. A 10-minute grace period will be given. If the required minimum number of players arrives within the 10-minutes, the game will be played and recorded as an official game. NO EXCEPTIONS ARE PERMITTED TO THE 10-MINUTE GRACE PERIOD. The length of the first period will be shortened according to the lateness of the new start time.
b. A double forfeit may be recorded if neither team is fully represented.

c. Game officials will not officiate once a forfeit is declared.

Teams that forfeit more than twice during the regular season will become ineligible for the playoffs.

Forfeits may also be declared by the intramural staff for policy violations (eligibility, unsportsmanlike conduct, etc.).

8. DEFAULTS—If a team knows they cannot make a game and will not be able to reschedule the contest, they must fill out a Default Form at least 24-hours before the scheduled game time. These forms can be picked up in the Wade King Student Recreation Center. Teams will receive a loss, but will not be charged with a forfeit.

9. POSTPONEMENTS

RESCHEDULES—Due to space and time constraints there will be no rescheduling of regular season games. If a team is unable to play in their regularly scheduled game they may call the Intramural Office no later than 12pm the day of their game and declare a default. A recorded default will not result in a forfeit.

WEATHER—Games postponed due to inclement weather or field conditions will be rescheduled for the next available intramural playing day. Please call 650-3766 or check online at IM Leagues.com for rainout information no more than TWO HOURS PRIOR to the start of the scheduled activity.

10. IDENTIFICATION - All team members must have proper student identification prior to each game. WWU students, faculty and staff must have a current Western ID card. Students of Bellingham Technical College, Northwest Indian College and Whatcom Community College must have current photo student identification.

11. JEWELRY – Due to safety concerns, no jewelry will be allowed to be worn by any participant. The only exception are medical alert necklaces and bracelets, which must be taped down by an intramural supervisor.

12. HOLD HARMLESS - Every player on your team must fill out a “Hold Harmless Agreement” (see section XV of this handbook) before playing in a contest. Failure to turn in a “Hold Harmless Agreement” by a member on the roster before they participate will automatically remove them from the team and team roster.

IV. ENTERING AN INTRAMURAL EVENT

A. Western Washington University uses IM leagues to manage the registration and day to day management of our intramural league programming. Each participant must sign up and register online to the site to be eligible to submit a team or be active on a roster. Here is
general use information for registering on the site:

**imleagues.com** is a website specifically designed for college intramural departments. A few of *imleagues’* features include online sign up and scheduling, customizable team pages, message boards, and much more.

All intramural participants will be required to create an account on **imleagues.com**. IM Leagues offers a live support button in the top right corner of all pages, please use this button if you encounter any difficulties.

**To create an Imleagues account:**

1. Go to [www.imleagues.com](http://www.imleagues.com). (A link is provided on the intramural website,)
2. Click on the “Sign Up” link.
3. Enter your information, and **use your school email address** (@wwu.edu), and submit.
4. You will be sent a confirmation email. Log in to **imleagues.com** by clicking the link at the bottom of the email.
5. The Western Washington University school link should pop up. Click “**Join School.**”

**How to sign up for an intramural sport:**

1. Log in to your **imleagues.com** account.
2. Click on the “Western Washington University” link.
3. The current sports should be displayed toward the bottom of the screen. Click on the sport you wish to join.
4. Choose the league you wish to play in (Men’s A, Men’s B, Women, etc.)
5. You can join the sport one of three ways:
   A. **Create a team** (For team captains)
      Captains can invite members to their team in two ways:
      --If student has already registered on imleagues: click the “invite members” link
          On the team page, search for their name, and invite them
      --If student has not yet registered on imleagues: Click the “invite members” link
          On the team page, then click the “Can’t find someone? Click here to invite by
          Email address”, and input the students email address.
   B. **Join a team**
      --Finding the team and captain name on division page and requesting to join
          Going to the captain’s playercard page, viewing their team, and requesting to
          join
      --Accepting a request from the captain to join their team
   C. **Join as a Free Agent**
      --Look for a sport, or team you would like to play for a request to join.
      --List yourself as an eligible free agent for a sport, and this information will be made
      available to existing team captains.
When you register your team you now have the option to also enter your team in the Campus Cup. The Campus Cup is the competition for the intramural team/organization of the year. To enter your team in the cup, you must associate yourself as a group, this can be a residence hall, a department of the college, a club, or anything else. Teams that have members belonging to that group can join the group and start earning points through their participation and sportsmanship.

V. ENTRY FEES AND REFUNDS

An entry fee and possible forfeit fee is required to enter most intramural activities and must be paid at the time the entry form or team roster is submitted. Entry fees will only be refunded during normal business hours according to the following schedule:

- 50% - from the time you register to the day the event begins
- 0% - the day the event begins

All entry fees are used in the intramural sports program to pay student employees, provide awards, promote and publicize the activities, and purchase equipment. These fees do not cover all of the operating expenses of the program, but assist in keeping costs low. The majority of the fees collected are returned to students in the form of wages. When considering the quality of the program and the positive experience enjoyed by the participants, intramural sports remains a tremendous value.

VI. SPORTSMANSHIP PHILOSOPHY / CODE OF CONDUCT

One of the objectives of intramural sports programming is to promote social interaction and fellowship within the campus community. Although everyone is encouraged to play to the best of their ability and to make every effort to win the game, the spirit of fair play and sportsmanship is paramount. All participants are expected to adhere to an honesty policy with regard to eligibility, rules interpretation, and administrative procedure. In order to encourage proper conduct and to maintain control during the game, intramural officials and supervisors shall make decisions on whether to warn, penalize, or eject players of teams.

A. EJECTIONS -- Any ejection from an intramural contest will result in a mandatory 1 game suspension for that player in that specific sport. UPON BEING EJECTED FROM ANY GAME OR CONTEST, THE INDIVIDUAL(S) INVOLVED ARE AUTOMATICALLY SUSPENDED FROM FURTHER INTRAMURAL COMPETITION AND MUST ARRANGE AN APPOINTMENT WITH THE INTRAMURAL COORDINATOR TO PETITION FOR PROBATIONARY STATUS. Any ejected player must vacate the playing area completely before game play may begin again. **This includes playing in a different intramural sport, until they have met with the Intramural Coordinator. Individual(s) penalized or ejected while on probation are subject to permanent expulsion from the program.

1. Evidence of unsportsmanlike behavior includes but is not limited to: violations of the honesty policy; profanity; threatening, shoving, or striking an opponent, official, or activity supervisor; excessive arguing; derogatory or abusive remarks by players or spectators; unnecessary delay of game; and any action with the intent to cause physical injury. This policy will be enforced BEFORE, DURING and AFTER the game.
2. All established disciplinary procedures will be enforced by the intramural coordinator and handled on an individual basis with the resulting action(s) appropriate to the seriousness of the incident.

The possession and/or use of alcohol and/or drugs at an intramural activity are strictly prohibited and in violation of WWU conduct regulations for facility use. Teams found with alcohol and/or drugs or intoxicated will be removed for the remainder of the intramural season.

3. Physical fighting is not tolerated in intramural competition. Players who use aggressive physical violence in any intramural game will be removed from the team roster for the rest of the intramural season. The player’s team will be placed on probation. A second violation by any member on the probationary team automatically disqualifies the team from intramural league competition for the duration of the season. Attention: If you are attacked, DO NOT FIGHT BACK. Any player involved in physical violence will be removed from their team.

VII. SPORTSMANSHIP RATING SYSTEM

A. TEAM

In order to promote good sportsmanship the Intramural Program has adopted a sportsmanship policy. A sportsmanship rating will be determined both by game officials and/or intramural and the supervisors and the opposing team after each contest. This rating will be based on behavior before, during and after each contest by the team (including the team captain, participants, and spectators).

1. There are five different team ratings:
   1. Unacceptable
   2. Poor
   3. Average
   4. Good/Acceptable
   5. Outstanding

The rating system is designed to rate teams, not individual conduct. However a team is responsible for the actions of each individual team member and spectators related to their team. The designated game captain is responsible to calm difficult situations and to restrain troubled teammates. Appeals for any ratings given will not be accepted. The intramural coordinator reserves the right to review any rating given to a team. If there is a forfeit, the team that shows up will be given an average (3) rating and the team that forfeits will be given a poor (2) rating. However, if the team defaults they will be given an average (3) rating.

2. OUTSTANDING

   a. Team members demonstrate a willingness to contribute to sportsmanlike atmosphere.

   b. All team members show control over their own actions and omissions. All team members uphold their responsibility to contribute to an atmosphere of sportsmanlike competition.
c. Team members follow all game rules in both spirit and intent.

d. Any fouls committed by the team are not to intimidate or gain advantage.

e. No unsportsmanlike penalties or yellow or red cards are assessed.

3. GOOD

a. Team members cooperate with and demonstrate good sportsmanship toward members of teams, spectators and all Intramural officials and/or staff.

b. The designated game captain exhibits control over their team and spectators, converses reasonably and rationally with officials about rule interpretations/calls and cooperates by providing any information requested by any intramural official/staff.

c. Team members participate in the spirit and intent of the intramural game rules and/or program policies. Team members accept judgment decisions made by the officials during the contest.

d. No red cards issued and/or no player/spectator ejections occur before, during or after the intramural contest. A team (players/spectators) does not receive three yellow cards.

e. Respect shown for intramural facilities/equipment.

4. AVERAGE

a. Team members play within the rules that govern play.

b. Team members participate in minimal unnecessary extracurricular activities, such as trash talking or taunting.

c. Teams do not make any effort to engage in camaraderie with the other team.

d. Teams engage in unnecessary verbal aggressiveness after the game.

5. POOR

a. Team members receive 1 or 2 yellow cards before, during or after a contest.

b. Participants/spectators complain about official’s decisions and/or show dissension. Complaints may be voiced verbally or “non-verbally”. Arguing between opposing teams/spectators may also lead to an unacceptable rating.

6. Unacceptable Sportsmanship Rating

Any one of the following may lead to an unacceptable rating:

a. Three yellow cards in any one contest towards one team (players/spectators).

b. A red card issued and/or player/spectator ejection(s) occur before, during or after the intramural contest.

c. Technical fouls for unsportsmanlike conduct, multiple unsportsmanlike penalties given and/or any excessive celebration.
d. The designated game captain does not control their team and spectators, converses in a dissenting manner with officials about rule interpretations/calls and does not cooperate or provide information requested by any intramural official/staff while performing their duties.

e. Team members do not meet eligibility requirements for participation within the program because of club sport, former varsity/varsity, and/or professional status within same/related sport.

f. Team members are playing with participant(s) who are currently suspended from participating on their Intramural team, and/or Intramural Program.

g. Any participant who plays under an assumed name.

h. Public indecency or obscenity. This includes but is not limited to urination in public.

i. Individuals/teams playing after the consumption or suspicion of consumption of alcohol/drugs. If the contest has begun, player(s) will immediately be removed from the contest.

j. Verbal or physical abuse and/or the threat of, by participant(s)/spectator(s) in the form of fighting, baiting, and/or wrestling with an opponent and/or teammate before, during or after an intramural contest.

k. Any threatening behavior (verbal and/or non-verbal) towards any intramural employee before, during or after an intramural contest.

l. Damage/destruction of facilities/equipment.

m. Any violation of WWU policies and procedures governing the conduct of students.

A team that receives two ejections will automatically forfeit that game and receive an unacceptable sportsmanship rating.

7. Consequences for Unacceptable Rating

a. Team is suspended until manager/captain meets with the intramural coordinator. Manager/captain shall be held responsible to initiate the meeting in a timely manner to ensure availability of coordinator (must be before team is next scheduled to play). Teams will forfeit any games scheduled on subsequent days prior to the meeting. During the meeting the manager/captain will be notified of the suspended status of their player(s).

b. Regardless of the length of the league season, if a team receives two unacceptable ratings the team will automatically be dropped from any further competition. A team must maintain an average (3) rating during regular season play to be eligible for playoffs.

c. During the playoffs, a team that receives an unacceptable rating will be suspended and removed from the tournament/playoffs, pending review by the intramural coordinator.

VIII. TEAM CAPTAINS
Team captains are a vital link in the communication process between Campus Recreation Services and the individual participants. Team captains are responsible for obtaining and understanding all intramural information, passing it on to team members, and regularly checking for changes in schedules and information. Specific duties include:

A. Pre-Season Duties:
   1. Select team name, division, day, and time the team wants to play (always have alternate choices).
   2. Submit completed team roster and entry fee.
   3. Attend the mandatory captain’s meeting for each activity registered as captain. If your team is not represented at the captain’s meeting, your first game will be deemed a forfeit no matter the actual outcome.
      - Not passing the captain’s quiz with a minimum of a 70% grade will be treated as a forfeit and count against your team’s limit.
   4. Read and comprehend the Intramural Sports Handbook and activity rules and regulations, and ensure that all team members understand and abide by them, especially player conduct and eligibility.

B. In Season Duties:
   1. Inform team members of league and playoff game schedules to ensure enough team members are present at each game to avoid a forfeit.
   2. Provide at least one non-player per game to serve as a volunteer scorekeeper or timer when needed.
   3. Contact Campus Recreation Services for rain-out information, cancellations, and rescheduled events.

C. General Duties:
   1. Control team behavior and accept the responsibility for the conduct of all team members and spectators.
   2. Maintain a cooperative attitude with all intramural officials and supervisors; serve as an example of good sportsmanship for others to follow.
   3. Be familiar with the rules and officiating techniques of all sports entered.
   4. Accommodate players without teams by inviting "Free Agents" to play on your team.

IX. PLAYERS WITHOUT A TEAM ("Free Agents")

If you wish to participate in a team sport and are not able to find enough people to get a team together, you may do one of the following:

A. Check the Intramural Facebook page discussion boards is the best way to find other players looking for teams as well.

B. Alternatively, you can attempt to join a team before their first game. Check the teams that have entered and the posted game schedule to find out when and where games are being played and show up and ask if you can join teams. After all teams have entered, check the posted game schedules on our website and find out when and where games are being
played, and show up and ask around before the first games.

X. AWARDS

Official **Intramural Championship Shirts** and/or special sponsor prizes will be presented to all winners upon the conclusion of each activity. **Participants must participate in at least three regular season game and in at least one playoff game to earn the championship shirt.** All intramural awards not claimed by participants by the end of each quarter shall be forfeited.

Teams have the opportunity to register for the Intramural Campus Cup to compete to be the intramural team of the year. This competition is decided more by sportsmanship than athletic performance. Winners of the Campus Cup will have their team name engraved on the intramural cup.

XI. OFFICIALS

A. Officials deserve the players' highest respect because they represent the character and integrity of the game. During intramural play, all sports officials are student officials, i.e., they are learning, receiving training, and gaining experience in sports officiating. These students are working in one of the most demanding and challenging situations possible: to officiate for their peers. Intramural sports officials are the key to a successful program, and should be treated with courtesy, patience, and consideration.

B. The intramural coordinator recruits, trains, evaluates, and assigns officials for the games. Comments and suggestions regarding the performance of intramural sports officials should be directed only to the intramural coordinator and/or the intramural supervisor.

C. Teams are requested to provide a non-player for each of their games to serve as a volunteer scorekeeper or timer. This will greatly assist the intramural staff in providing a quality recreational experience for all participants.

D. Individuals interested in working as an intramural sports official are encouraged to contact the intramural coordinator at 650-7621. These are on-campus paying positions with flexible work hours. Officials are recruited for a wide variety of sports programs.

XII. HEALTH AND SAFETY

A. **General:**

**The safety of all participants and staff is of the utmost importance and concern to Campus Recreation Services and Intramural Sports Program.** To reduce hazards and prevent injury and accidents, specific policy and procedural guidelines are established such as specific rule modifications, equity in scheduling, quality personnel, player control, environmental and equipment checks, and signed acknowledgment of risk and hold harmless forms.

B. **Health:**

The University strongly recommends that individuals have regular physical examinations before and during participation in Intramural Sports Programs, and to avoid participation when feeling
ill, physically injured or has other harmful health conditions. The University assumes no responsibility for the health condition of participants.

C. **Injury or Accident:** In case of injury or accident, an Accident Report form must be completed immediately by the intramural supervisor on duty.

D. **First Aid:** Basic first aid for minor injuries and accidents is available at each activity site.

E. **Jewelry:** All earrings, bracelets, and necklaces need to be removed before participating in Intramural sports. If the earrings, bracelets or necklaces cannot be removed they need to be tapped down as best as possible.

**XIII. INSURANCE**

*Participants must have adequate medical/health and life insurance and be responsible for their own liability.*

**Medical/Health Insurance Provided By Participant**
Western Washington University and Campus Recreation Services does not provide medical and health insurance to the participant of an Intramural Sports Program, so it is the participant’s responsibility to obtain medical and health insurance as a dependent under their parent’s insurance or by the participant’s own insurance. As an option, Student Health Services offers a Student emergency Health Plan underwritten by Northwest Washington Medical Bureau that covers accidental injury while participating in an Intramural Sports Program. WWU’s Athletic Program Insurance specifically excludes sports-related injuries resulting from both Sport Club and Intramural Sport Program activities.

**Life Insurance Provided By Participant**
Western Washington University and Campus Recreation Services does not provide life insurance coverage to the participant of a Sport Club or Intramural Sports Program. Again, the participant must determine if life insurance is necessary and obtain the appropriate amount.

**Participant Responsible for Their Own Liability**
Participants in the Intramural Sports Program are responsible for the liability resulting from their own acts. However, there may be ways to obtain insurance protection. For example, some sport associations provide liability insurance protection for the negligent acts of their members, and a homeowner’s or renter’s insurance policy may provide some protection as well. Western Washington University strongly recommends to the participant to obtain some form of liability insurance protection.

**XIV. ACKNOWLEDGEMENT OF RISK AND HOLD HARMLESS**

*Participants must read and accept the Acknowledgment of Risk and Hold Harmless form and agree to the following:*

The participant hereby acknowledges that he or she has voluntarily chosen to participate in the Intramural Sports Program (hereinafter called “program”) through Western Washington University’s Office of Campus Recreation.
The participant understands the risks involved in the program, and he or she recognizes that the program and its activities involve risk of injury and agrees to accept any and all risks associated with it, including but not limited to property damage or loss, minor bodily injury, severe bodily injury, and death. Furthermore, the participant recognizes that participation in the program involves activities and risks incidental thereto, including but not limited to, travel to and from competitions, practices, classes and other related activities, limited availability of medical assistance and the possible reckless conduct of other participants. The participant is voluntarily participating in the program with the knowledge of the risks involved and hereby agrees to accept any and all inherent risks of property damage, bodily injury, or death.

In consideration of his or her participation in the program and to the fullest extent permitted by law, the participant agrees to indemnify, defend and hold harmless Western Washington University, its elected and appointed officials, employees, agents, volunteers and assigns from and against all claims arising out of or resulting from participation in the program. “Claim” as used in this agreement means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney’s fees, attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property including loss of use resulting therefrom. In addition, the participant hereby voluntarily will hold harmless Western Washington University, its elected and appointed officials, employees, agents, volunteers and assigns from any and all claims, both present and future, that may be made by the participant, participant’s family, estate, heirs or assigns.

The participant hereby expressly agrees to indemnify, defend, and hold harmless Western Washington University, its elected and appointed officials, employees, agents, volunteers and assigns for any claim arising out of or incident to participation in the program to the extent the claim is caused in whole or in part by the participant’s negligent acts or omissions.

The Acknowledgement of Risk and Hold Harmless form can be found at each student’s MyWestern page or from the link on our homepage (www.wwu.edu/campusrec), and must be accepted before they are eligible to participate in any Intramural event.

XV. MISCELLANEOUS INFORMATION

A. Sports Equipment:
Sports equipment necessary for scheduled intramural activities will be provided (balls, bats, etc.). Most items are available for individual check out at the Equipment Check-out Counter located in the Wade King Student Recreation Center. Checkout is possible with appropriate identification (student ID).

B. Attire:
Each participant must wear athletic-type shoes. For indoor activities, only non-marking court shoes are permitted. For outdoor activities, only rubber-soled cleats may be worn. Metal cleats are not permitted. Team shirts of similar color and style are recommended for flag football, soccer, volleyball, basketball, softball, and floor hockey.

C. Rain-out Information:
Information concerning canceled games due to inclement weather or field conditions may be obtained by calling 650-3766 no more than TWO HOURS PRIOR or checking online at www.imleagues.com prior to the start of the scheduled activity. Team captains are
required to contact Campus Recreation Services for rain out information, cancellations, and rescheduled events. Text message sign up will be available at the beginning of each season online and you can receive information via text message regarding cancellations or changes as a courtesy. Our facebook page will also have up to date information and can be found at “Western Washington University Intramural Program.”

D. Play-Offs:
All teams that have not received two unsportsmanlike conduct ratings, and who have not forfeited two or more games will advance to the play-offs. Teams advancing to play-off competition will be scheduled to play based on the availability of times, fields/courts, and number of qualifying teams. All playoff teams must be prepared to play at any scheduled time and place during the playoff tournament. Teams generally must play two, three, or four times a week. Specific day and time requests cannot always be granted. Playoff brackets will be available on IMLeagues (www.IMLeagues.com) following the end of regular season play.

XVI. STUDENT EMPLOYMENT OPPORTUNITIES

The program could not be conducted on a successful level without the services of our many student officials, supervisors, and practicum students. Previous experience as an official is desirable, but not required. Training clinics are offered at the beginning of each sport to teach the skills required. None of these jobs will prevent participation on a team. Whether working for pay or completing requirements for a class, the program provides practical training and “hands-on” experience in the organization and administration of the overall program and its activities. Western Washington University is an equal opportunity educator and employer.

SPORTS OFFICIALS

The Intramural Sports Official shall, to the best of their ability, officiate and/or keep accurate records and score of those contests sponsored by the Intramural Department, in accordance with the rules of the sport and the regulations of the department. The official is charged with the responsibility of maintaining orderly conduct on the court or field, to which they are assigned, and will perform other duties as outlined below.

INTRAMURAL SUPERVISOR

Administer program components relative to the safety & well-being of intramural sports participants, game preparation, official’s training and supervision, and policies & procedures of the Intramural Program and Campus Recreation Department.

XVII. CONCLUSION

The mission of Campus Recreation Services is to create an environment that supports the classroom experience, which is conducive to productive growth and development of its participants. The structure
and scope of activities are designed to bring together the diverse university community in a spirit of fair play and sportsmanship. Our service pledge is to value all individuals and treat them with integrity, dignity, and worth.

Our goal is your enjoyment, and helping to make your time here at Western special. If you ever have any questions or concerns about the program, please let us know. Without you there would be no program at all. It is your program, and we want it to live up to the level of quality you deserve.

Play hard, play fair, and have fun.
