

SURVIVE THE EXPERIENCE

ROCKWALL POLICIES

1. In order to belay, participants must be belay certified and have their belay certification card visible while belaying.
2. All personal belongings must be placed in the cubbies provided.
3. Shoes and shirts must be worn at all times.
4. No eating or drinking in the climbing wall area except for water bottles.
5. No chewing gum allowed in the climbing wall area.
6. Only staff are authorized to set routes and perform maintenance on the walls.
7. Staff has the right to check personal climbing equipment for safety.
8. The Rock Wall Staff reserves the right to limit the number of climbing wall participants out of concern for participants' safety.
9. Never place fingers, hands or feet on the metal bolt hangers.
10. Never climb past or unclip the top climbing anchors.
11. Never drop anything while climbing on the wall.
12. Climbers may only climb one panel to the right and/or left of an anchor point.
13. Climbing commands must be used at all times.
14. The belayer must remain standing while the climber is on belay.
15. Every climber must use a figure eight knot and double fisherman's knot.
16. Every climber must belay with an ATC.
17. Do not stand/hang/climb on the ropes or floor anchors.
18. When climbing the roof let other bystanders know of the potential danger of a fall and have them clear the middle area.

BOULDERING POLICIES

19. Bouldering higher than four panels on the main walls is not allowed.
20. Topping out or climbing on top of the bouldering wall is prohibited.
21. Do not boulder under another climber who is on a rope.
22. Spotters are highly recommended.
23. Be aware of climbers and bystanders nearby.
24. While watching others boulder please stand away from their fall line.

LEAD CLIMBING POLICIES

25. In order to lead climb or belay participants must be lead certified and must have their certification card visible at all times.
26. Lead climbing is only allowed if no one is climbing to the right or left of the route you are going to lead.
27. It is the lead climber and belayer's responsibility to clear the area before climbing.
28. All anchors must be clipped opposite and opposed.
29. Lead belaying can only be done with an ATC.
30. SRC Staff and Climbing Wall Staff reserve the right to ask that you do not lead during busy times.
