

The FAMIS team is on schedule to Go-Live April 16.

Notices and invitations for FAMIS introduction, and general information presentations will be out soon. Presentations will be made to accommodate the schedule and needs of job cost users and FM employees, FM clients, and Funding Authorities. Expect the first presentations to begin in late January.

Technical training for implementation and use of FAMIS will begin the first week of February.

Training workshops will consist of the FAMIS User Guide subgroups:

- General Information
- Equipment
- Parts Management
- Location Management
- Purchasing Information
- Project Information
- Self Service
- Service Requests
- Work ordering

Training groups and schedules will be announced at the FAMIS general information presentations.
