NOTES:

1. WWU Operations is in the process of upgrading data for Utilities and Grounds and for Off-Campus areas.
2. At Lease properties ('L' designator), "Built" column indicates first year of lease.
3. "Renov." column indicates year of last major renovation.
4. Academic/Auxiliary mixed use buildings are only tallied once in the Summary Table depending on which space category is the majority portion.
5. These statistics only include properties owned or leased by Western Washington University. Properties owned or leased by affiliated organizations such as the Western Foundation, are not included unless "Western Washington University" is named in the Title or Lease.
