

Thinking about being a physics major?
Join us in Winter 2010 for

PHYS 190: Exploring Physics and Astronomy
1 credit (pass/no pass)
Mondays 4:00 – 5:00

Seminar for prospective physics majors

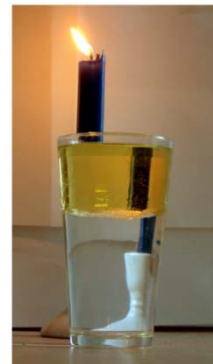

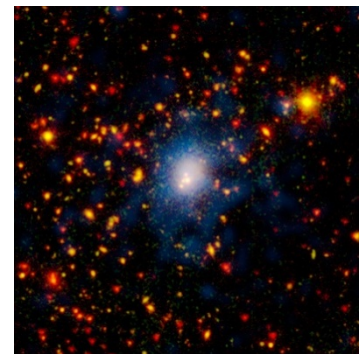

Questions which will be answered:

What research is done in the department?

What can I do with a Physics degree from Western?

How can I be involved in teaching/ tutoring at the department?

What are the experiences of other physics majors at Western?

Prerequisites:

Concurrent enrollment in PHYS 121 or PHYS 122
and interest in physics!

For more information contact:
Physics Department in CF 385 or
Prof. Andreas Riemann at riemana@physics.wvu.edu
