

**APPLICATION FOR WAIVER OF TUITION AND FEES
FOR PERSONS 60 YEARS OF AGE OR OLDER**

Substitute House Bill 184 passed by the Washington Legislature in May of 1975, makes it possible for colleges and universities to waive, in whole or in part, tuition and fees for Washington residents who are sixty years of age or older. The Board of Trustees of Western Washington University, in response to this legislation, has authorized the President to waive tuition for qualified residents fall, winter and spring quarters whether courses are taken for credit or audit. The waiver does not cover individual course fees, such as those for laboratory use, PE activity fees, or materials fees.

Certain conditions must apply for a person to enroll under the provisions of SHB 184:

1. An individual may not enroll for more than two courses per quarter (fall, winter or spring—tuition waiver does not apply to summer quarter). If you wish to enroll for more than two courses, you must pay regular tuition and fees. It is not possible to enroll for two courses under SHB 184 and pay fees for additional courses.
2. Enrollment is on a space available basis, which means that registration under SHB 184 must **follow** registration for students paying regular tuition and fees. **NO REGISTRATION IN FILLED CLASSES IS PERMITTED.** Further, registration in individualized courses, such as independent study, student teaching, graduate thesis or research, self-supporting courses, and internships, is not possible except with payment of regular fees. Registration through the Extended Education program is not allowed since the waiver does not apply.
3. An individual may not enroll under the provisions of this act if s/he plans to use the course credits for increasing credentials or salary schedule increases. For example, a practicing school teacher may not enroll under SHB 184 if s/he will advance on a salary schedule as a result.
4. The University reserves the right to exclude, at its discretion, registration in certain programs and courses. Individuals enrolling in this program are subject to all of Western's academic policies, regulations, and procedures, and to Western's code of conduct.
