Dear Parent of Early Release Program Participant,

Western Washington University, WWU Shannon Point Marine Center and the Anacortes School District look forward to providing your child a fun and exciting exploration in science during Early Release Predator vs. Prey Program at Island View Elementary School from 12:05-3:00 p.m. on February 8-12, 2016. (Monday-Friday).

Please check your registration e-confirmation for the session date(s) your child is registered for.

Below is important information for you:

**Location:** Mr. Butterworth's Science Room 28 at Island View Elementary School, 2501 J Avenue.

**Check-In:** All students check-in at Noon in the foyer of the school main entrance. Look for Early Release staff wearing a blue Western t-shirt.

**Participants are required to eat lunch before the program begins each day.**

**What to Bring:** *(WWU and Anacortes Schools are not responsible for lost belongings.)*
- Lots of questions about the topic
- A healthy snack
- A lab or field journal
- Pencils
- Reusable water bottle

**Check-Out:** Parents are to check students out from the Science Room 28 at 3:00 p.m.

**Parking:** Be aware that parking is very limited due to school dismissal at 12:05 p.m. You may need to find street parking.

**Field Work Day, Friday, February 12 at Shannon Point Marine Center.** Transportation to and from Shannon Point Marine Center will be provided by the School District. Students to bring rain gear and boots in case of inclement weather. Students check-out at Island View at 3:00 p.m.
