TEXTBOOKS 101
online textbook-ordering made easy!

With your course schedule in hand, visit the AS Bookstore website at bookstore.wwu.edu and click on the TEXTBOOKS link. In order to find your textbooks, you'll need to know your course numbers and professors or CRN's.

In the textbooks section you have three choices: BOOKIT online reservations, textbook rentals, or our Verba tool to compare textbook prices from all over the web. A key advantage of BOOKIT is it gives you the best selection of used books.

On the textbook search page, select the quarter for a list of courses. Click on your course # and instructor to add them to the "YOUR SCHEDULE" box. Once you've added them all, click "FIND BOOKS FOR THESE COURSES" and add your textbooks (new or used – it's up to you!) to your cart.

Place your order online with your student account using CHARGE-IT or with a major credit card and we'll gather your books for you to pick up in September. Or choose to ship via UPS ground before September 1st and get $5.00 off shipping.

Voilà! Your textbooks will be shipped to you or ready to pick up at the bookstore before classes start, and because they're prepaid, you can skip the checkout line and save some time! Enjoy!
