See how many of the places outside a two-mile radius from your home or workplace.

Include your workplace, bank, grocery store, gym, school, place of worship, or other regular destinations.

5. Plan your routes and modes of transportation for trips outside a two-mile radius. Consider using a bike, carpool, transit, or walking.

6. Use the Fixed-It stations located throughout campus to repair your bike.

7. Contact the Sustainable Transportation Office for details on becoming a Western employee and tracking your walk, bike, and bus journeys.

8. Visit the Sustainable Transportation Program Assistant, Carol Berry, or the Sustainable Transportation Program Manager, Jillian Trinkaus, to learn more about the services offered.

Jillian Trinkaus
Office of Sustainable Transportation

Hello and welcome to Western!

Register for Smart Trips online at whatcomsmarttrips.org. Sign up as a Western employee and track your walk, bus, bike and drive journeys.

The office offers a variety of transportation options, including carpooling, biking, and using public transit. Contact the office for assistance with finding carpool partners, fixing your bike, or using the Sustainable Transportation Program.

More Options

Bike Repair Stations

Western has four bike repair stations on campus. Fix-It stations are located throughout campus, and bike lockers can be rented from the office.

Late Night Shuttle

In the event of an illness, family need or unexpected overtime, the office offers a Late Night Shuttle to take you back to your residence.

Parking Permits

Parking permits are available for students, employees, and alumni. For information, check out wp.wwu.edu/vikingebike. Try one. They are awesome!

Gym Membership

The Sustainable Transportation Program offers a variety of outdoor activities for all Western students, employees, and alumni. For information, check out wp.wwu.edu/vikingebike.

Parking

Parking permits are available for students, employees, and alumni. For information, check out wp.wwu.edu/vikingebike.

Bus Service

Bus service is available on campus and connects with other routes at the Downtown Mall. For information, go to ridewta.com.

Carpooling

Carpooling is an excellent way to reduce traffic congestion and save money. For information on finding carpool partners, contact the Sustainable Transportation Office.

Zipcar

Zipcar is a great alternative to owning a personal vehicle. They offer a variety of vehicle types, including sedans, SUVs, and convertibles.

Car Rentals

Car rentals are available from Avis, Budget, and Enterprise. For information, contact the Sustainable Transportation Office.

Electric Vehicles

Western has an electric car available for use. For information, check out wp.wwu.edu/vikingebike.

Employee Carpooling

Employee carpooling is an excellent way to reduce traffic congestion and save money. For information on finding carpool partners, contact the Sustainable Transportation Office.

Optional Activities

For information on optional activities, check out wp.wwu.edu/vikingebike.

Thank you for your interest in the Sustainable Transportation Program.
