

## GOALS RELATED TO THE EDUCATION OF STUDENTS

### I. **Quality**

#### A. **Goals Related to Kinesiology and Physical Education Majors**

##### 1. **Process**

- a. Graduates of the program will be skilled written and oral communicators, informed and critical thinkers, collaborative workers, information seekers, and effective technology and computer users.
- b. Graduates of the program will be life long learners who work with a professional, altruistic approach.

##### 2. **Content**

- a. Graduates of the program will demonstrate mastery of content in the core areas of physical activity, exercise science, and psychological/social aspects.
- b. Graduates of the program will have in-depth knowledge and competency in one area of specialization.

##### 3. **Product**

- a. Graduates of the program will be able to assess and make prescriptions for improving exercise, human movement, and performance.
- b. Graduates of the program will be able to design and implement effective programs, and assess program effectiveness.

#### B. **Goals Related to General Education**

The kinesiology and physical education program will contribute to liberal and professional education by providing courses that allow students to gain and implement knowledge of physical activity and health.

### II. **Diversity**

**A.** Graduates of the program will be able to think critically and creatively as they work and learn in a diverse society.

**B.** Graduates of the program will be able to understand the effects of diversity (i.e., age, race, sex, learning styles, differing abilities, socio-economic backgrounds, cultural backgrounds, etc.) on exercise, human movement, and performance.

### III. **Service**

Graduates of the program will contribute to the community and profession with leadership and expertise.
