Background
Funds have been established for the Fraser Lecture Series Fund. This endowment is one of six different endowments generously provided from the estate of Gordon H. and Alice C. Fraser. The purpose of this endowment is to support lectures, seminars, symposia or workshops in the natural, social and applied sciences, with emphasis on the Health and Life Sciences. Individuals of international and national reputation shall be invited to the University to share their knowledge with the campus community and help improve existing programs or initiate new programs. This endowment will provide distribution for the spending in Fiscal Year 2016. This will be an annual award of approximately $32,000.

Proposals
A call for proposals will be made fall quarter for an event/project the spring quarter of the following year or the fall quarter of the year after. The timeline is adjustable if needed to accommodate the schedule of the speaker(s). Faculty from any department or college may submit a proposal. The proposal must be reviewed by the dean of the college from where it originated. While there is flexibility on what activities the proposed event/project can entail (e.g., seminars, workshops), the proposed event/project must include:

- Focus on natural, social, and applied sciences with emphasis on health and life sciences
- A presentation open to the general public
- Student engagement with and access to the speaker(s)
- Faculty engagement with and access to the speaker(s)
- A detailed budget for the event/project
- Alternate speakers if the preferred speaker or speakers are not available
- Special invitations issued to high school students as determined by the Admissions Office
- Preferably, the speaker(s) would be on campus for more than one day.

Administration and Selection
Typically, the Provost’s Office will administer the Call for Proposals in fall quarter and receive all proposals by the middle of fall quarter. Review and selection will be conducted by the Council of Deans during the fall with the announcement of the award made late fall quarter. Limited administrative support for administering the event/project can be provided by the Provost’s Office, but primary responsibility for arrangements lies with the proposing department(s)/college(s) and detailed event planning support must be solicited and budgeted for through Conference Services. The event/project may take place during the following spring quarter of that academic year or the fall quarter of the following academic year.

2017-18 Timeline
Call for Proposals: October 5, 2017
Due Date for Proposals: December 1, 2017
Review of Proposals: Winter 2018
Award Notification to Proposer: Mid or Late Winter 2018
Campus-Wide Announcement of Award: Late Winter 2018
Event: Spring 2018 or Fall 2018*

*There is flexibility if needed to accommodate the speaker’s or speakers’ schedules
Applications can be submitted to provost.office@wwu.edu by December 1, 2017.
