HELPING STUDENTS

Learn through Community Engagement

Over 80 Students were directly impacted through connections with the community for collaboration, internships, job opportunities and independent studies. Hundreds more indirectly benefitted from new courses developed and faculty connections with the community and industry.
More than 59 organizations were connected to the University to collaborate with Western students, faculty and Staff.

Likewise, many within the University were connected to groups and individuals inside and outside the University.
One purpose of the Front Door is to improve the educational experience at Western by connecting our community to the campus and the campus to the community.

In 2013-2014 nearly 500 such connections were made; enabling students to learn and faculty to find support within the University and in the broader community.

In addition the Front Door aided many individuals, firms, nonprofits and governmental organizations connect with Western students and faculty to the benefit of all.
