The meeting was called to order at 05:05pm by Tina Loudon.

Discussion of Proposed Budget Scenarios for FY2016
The Committee discussed various options for funding the S&A Fee budget proposals, taking into account the reduced requested amounts of each of the constituent areas due to budget adjustments.

- In response to Olivera’s question regarding the status of Western View, Sealey noted that while there were a few students interested, there had been no final decisions made of whether or not Western View will continue.
- Sealey spoke to the difficulty of changing the DRAC budget request at this point since the DRAC Committee is not meeting any additional times this academic year.
- Drake suggested looking at an increase option that would fund the mandatory increases to keep constituent areas from having to make cuts to programs.
- If there are to be any additional motions regarding the S&A Fee Loudon asked the Committee members to bring prepared possible motions to the next meeting to be voted on.
- The Committee took a straw vote of the voting members of who would consider a fee increase to determine whether or not it was necessary to continue working on budget proposals. Since there were enough members who voted that they would consider a fee increase, work will continue next week on additional budget proposal options to put before the Board of Directors other than the zero percent increase option that has already been voted on.

Motion to Adjourn – Alkema
All in favor.
Meeting adjourned at 6:12pm.
