This brochure provides a general summary of the insurance coverage; the Schedule of Benefits is not all inclusive of eligible benefits payable under this plan. Keep this brochure as no individual policy will be issued. This summary is not a contract; however, the Master Policy will be available for review upon request. PRE-CERTIFICATION PROCESS

The Schedule of Benefits identifies medical Covered Services which must be Pre-Certified by the Review Organization. Advising the Review Organization before You receive such medical Covered Services allows the Review Organization to determine Medical Necessity and Medical Appropriateness.

Medical care that is not necessary and appropriate adds to the cost of care and exposes You to unnecessary risk.

Failure to comply with the Pre-Certification process requirements will result in a Pre-Certification penalty. Such penalty amount is payable even though Deductible and Out-of-Pocket Maximum amounts have been met. The Pre-Certification penalty is listed in the Schedule of Benefits.

You are responsible for calling the Review Organization at the phone number found on the back of Your ID card and starting the Pre-Certification process. For Inpatient services or surgery, the call must be made at least five (5) working days prior to Hospital Confinement or surgery. In the case of an Emergency, the call should take place within two (2) working days of admission or as soon as reasonably possible.

Pre-Certification is not required for Medical Emergency or Hospital Confinement for maternity care.

Pre-Certification is not required for a Covered Person receiving mental health care and treatment rendered by a state hospital if the Covered Person is involuntarily committed to a state hospital.

The following Inpatient and Outpatient services or supplies require Pre-Certification:

- All Inpatient admissions, including length of stay, to a Hospital, convalescent facility, Skilled Nursing Facility, a facility established primarily for the treatment of substance abuse, or a residential treatment facility;
- All Inpatient maternity care after the initial 48/96 hours;
- All partial hospitalization in a Hospital, residential treatment facility, or facility established primarily for the treatment of substance abuse;
- Surgery.

Pre-certification is not a guarantee that Benefits will be paid.

Your Physician will be notified of the Review Organization's decision as follows:

- For elective (non-Emergency) admissions to a Health Care Facility, the Review Organization will notify Your Physician and the Health Care Facility by telephone and/or in writing of the number of Inpatient days, if any, approved;
- For Confinement in a Health Care Facility longer than the originally approved number of days, Your treating Physician or the Health Care Facility must contact the Review Organization before the last approved day. The Review Organization will review the request for continued stay to determine Medical Necessity and notify the Physician or the Health Care Facility of its decision in writing or by telephone;
- For any other Covered Services requiring Pre-Certification (identified in the Schedule of Benefits), the Review Organization will contact the Provider in writing or by telephone regarding its decision;

Our Review Organization agent will make this determination within seventy-two (72) hours for an urgent request and four (4) business days for non urgent requests following receipt of all necessary information for review. In no event will the review period extend beyond twenty (20) working days with regard to Experimental or Investigational treatments except with the informed, written consent of the Covered Person. Notice of an adverse determination made by the Review Organization agent will be in writing and will include:

4
• The reasons for the adverse determination including the clinical rationale, if any.
• Instructions on how to initiate standard or urgent appeal.
• Notice of the availability, upon request of the Covered Person, or the Covered Person's designee, of the clinical review criteria relied upon to make the adverse determination. This notice will specify what, if any additional necessary information must be provided to, or obtained by, the Review Organization Agent in order to render a decision on any requested appeal.
• The specific time period within which the Review Organization will reconsider its decision.

Failure by the Review Organization agent to make a determination within the time periods prescribed shall be deemed to be an adverse determination subject to appeal.

If You have questions about Your Pre-Certification status, You should contact Your Provider.

PRE-ADMISSION NOTIFICATION

Pre-Notification of Medical Non-Emergency Hospitalizations:
The Covered Person, Physician or Health Care Facility must call the toll free telephone number on the back of the Identification Card at least five (5) working days prior to the planned admission.

Notification of Medical Emergency Admissions:
The Covered Person, Physician, Covered Person’s representative, or Health Care Facility should call the toll free telephone number on the back of the ID card within two (2) working days of the admission to provide notification of any admission due to Medical Emergency.

Important: Failure to follow the notification procedure will not affect Benefits otherwise payable under the Policy. However, failure to follow the pre-notification procedures will result in the Pre-Notification penalty listed in the Schedule of Benefits. Pre-notification is not a guarantee that Benefits will be paid.

The Reasonable Charge is determined by comparing charges for similar services to a national database adjusted to the geographical area where the services or procedures are performed, by reference to the 80th percentile of Fair Health Inc. schedules. The Insured Person may be responsible for the difference between the Reasonable Charge and the actual charge from the Provider.

For a Provider who has a reimbursement agreement, the Reasonable Charge is equal to the Preferred Allowance under any reimbursement agreement with Us, either directly or indirectly through a third party, as described in the Preferred Provider Benefit provision. If a Provider accepts as full payment an amount less than the rate negotiated under the reimbursement agreement, the lesser amount will be the maximum Reasonable Charge.
Sickness (Sick): means Illness, disease or condition, including pregnancy and Complications of Pregnancy that impairs a Covered Person's normal functioning of mind or body and which is not the direct result of an Injury or Accident. All related conditions and recurrent symptoms of the same or a similar condition will be considered the same Sickness.

PREFERRED PROVIDER INFORMATION

By enrolling in this Insurance Program, you have the Cigna PPO Network of Participating Providers, providing access to quality health care at discounted fees. To find a complete listing of Cigna PPO Network of Participating Providers, go to www.cigna.com, or contact Consolidated Health Plans at (413) 733-4540, toll-free at (800) 633-7867, or www.chpstudent.com for assistance.

"Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices.

If care is received within the Network from a Preferred Provider, all Covered Medical Expenses will be paid at the Preferred Provider level of benefits found on the Schedule of Benefits. In the case of an Emergency, if an Out-of-Network Provider is used, the In-Network percentage in the Schedule of Benefits will be applied.

A Covered Person is not required to seek treatment from a Preferred Provider. Each Covered Person is free to elect the services of a Provider and Benefits payable will be made in accordance with the terms and Conditions of this benefit.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insured's may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

COORDINATION OF BENEFITS

The Policy Year is the basis for consideration of claims. This provision will be used when the Benefits the Covered Person would receive under this Policy plus those received under all other Plans would exceed the total Allowable expense. If the Benefits provided under all Plans exceed the Allowable expense, We will reduce Our Benefits so that the total benefit received from all plans does not exceed 100% of Allowable expenses. When Benefits are reduced under the primary plan because the Covered Person did not comply with the plan provisions, the amount of such reduction will not be considered an Allowable expense.

SUBROGATION AND RECOVERY RIGHTS

If We pay Covered Expenses for an Accident or Injury You incur as a result of any act or omission of a third party, You are obligated to reimburse Us for the expenses paid. We may also take subrogation action directly against the third party. Our reimbursement rights are limited by the amount You recover. Our reimbursement and subrogation rights are subject to deduction for the pro-rata share of Your costs, disbursements and reasonable attorney fees. You must cooperate with and assist Us in exercising Our rights under this provision and do nothing to prejudice Our rights.
