

Western Washington University 2016-2017 GRADUATE OUTCOMES REPORT

The Career Services Center has implemented a new method for collecting post-graduation education and employment outcomes data, greatly increasing the sample size and accuracy of results reported over previous years. This report on graduates from the 2016-2017 academic year reflects outcomes six months post-graduation based on a sample of 89% (3,015 of 3,382) of Bachelor's Degree recipients and a sample of 85% (248 of 293) Master's Degree recipients.
